

SARS CORONAVIRUS ANTIGENS

	Cat. #	Product Name and Description	Tag
1	ASARS 102	SARS nucleocapsid <i>E. coli</i> derived protein recombinant contains immunodominant region of SARS coronavirus nucleocapsid	GST
2	ASARS 104	SARS glycoprotein M <i>E. coli</i> derived protein recombinant contains immunodominant region of SARS coronavirus membrane glycoprotein M	GST
3	ASARS 201	SARS-2 nucleocapsid <i>E. coli</i> derived protein recombinant contains immunodominant region of SARS-2 coronavirus nucleocapsid	GST, 6 His
4	ASARS 203	SARS-2 nucleocapsid <i>E. coli</i> derived protein recombinant contains immunodominant region of SARS-2 coronavirus nucleocapsid	GST, 6 His
5	ASARS 204	SARS-2 nucleocapsid <i>E. coli</i> derived protein recombinant contains full size SARS-2 coronavirus nucleocapsid sequence	6 His
6	ASARS 206	SARS-2 nucleocapsid <i>E. coli</i> derived protein recombinant contains immunodominant region of SARS-2 coronavirus nucleocapsid	GST, 6 His
7	ASARS 207	SARS-2 nucleocapsid <i>E. coli</i> derived protein recombinant contains full size SARS-2 coronavirus nucleocapsid sequence	GST, 6 His, S-tag
8	ASARS 303	SARS-2 spike <i>E. coli</i> derived protein recombinant contains immunodominant region of SARS-2 coronavirus spike (S2)	6 His
